Subject: Asphalt Roller Replacement

We have received a proposal from RDO Equipment for a used Hamm Roller to replace the aging district asphalt roller.

Background:

The District currently has 1993 Case Asphalt Roller that has electrical issues, extreme wear and is unusable. Over the years the roller has had numerous breakdowns requiring repairs and temporary rental of a roller. The purchase of a new roller is not necessary for a piece of equipment of this type as usage and operating hours used are more important than age.

Proposal for New Backhoe:

District Staff has researched new and used rollers and has determined what would best fit the District needs. RDO Equipment which is the local authorized John Deere dealer has rented to the District a used Hamm HD12 roller for a trial period. This roller is ideal for the District needs, has low operating hours and is in excellent condition. The rental cost of \$1800.00 per month will be applied to the purchase price if the District elects to purchase this equipment.

Attached are copies of the specifications for your information.

The quote received is as follows:

RDO Equipment:

2015, Hamm HD12 Asphalt Roller

\$23,900.00

The above price includes sales tax.

Recommendation:

Because district has been renting this unit, personnel are fully able to operate the equipment. It is my recommendation to accept the quote from RDO Equipment in the amount of \$23,900.00 and proceed with the purchase of the roller.

The District has \$50,000 in the 2019-2020 fiscal year budget for this equipment replacement. The old Case Roller would be summarily declared surplus and sold or scrapped.

Providing our community with a reliable water system that delivers high quality water for its health and safety needs.
