

## *Memo*

---

To: Board of Directors  
From: Staff  
Date: October 13, 2022  
Subject: Update on Streamline Conversion

We continue to add more to the website. After the Board Meeting on September 20<sup>th</sup>, the Pay Schedule was approved with changes to the titles of each matching position, Lead Office and Lead Serviceman. With the updated and approved Pay Schedule, being the last legal posting needed on the website, Josselyn contacted California Computer Options on October 4<sup>th</sup> to make the official switch. When talking to Jesse from Computer Options, he will be able to have a link added to the Streamline website to allow for the continued access to the old website. He is thinking of changing the old website to have a domain of [www.2cvwater.com](http://www.2cvwater.com). He will also be assisting in getting the weather station added.
