Crestline Village Water District  
Board of Directors

To Whom It May Concern:

Thank you for the opportunity to apply for the available position on the Crestline Village Water District Board of Directors.

I have been a Crestline resident and CVWD customer for the past 25yrs. It is my personal belief to give back to my community and volunteer my time and expertise whenever possible. Over the years, my volunteer efforts have been dedicated to the Crestline chamber of Commerce, Mountain Arts Network, Boys & Girls Club, and currently Calif. Regional Multiple Listing Service and Calif. Association of Realtors.

As the owner of Cozy Cabins Realty, my dedication to our clients includes providing the most accurate and current information about our community. This is another reason I choose to invest my time and service to remain informed about our community. My business cooperatively works with all local water districts and for that reason, I must disclose the potential for future conflicts of interest.

Our state is experiencing extensive drought conditions and the duration is uncertain for the foreseeable future. I believe water is the most valuable resource in our area and must be protected. The health of our community relies on responsible leaders who commit to act in the best interest of the community and its residents. Thank you for your consideration and opportunity to serve on the CVWD Board.

Yours truly,

Brenda Meyer
