Subject: Declare 1993 Case Roller as Surplus Equipment

The District currently has a 1993 Case Asphalt Roller that has electrical issues, extreme wear and is unusable. Over the years the roller has had numerous breakdowns requiring repairs and temporary rental of a roller.

It is the opinion of District Staff that it would be in the better interest of the District to declare the 1993 Case Roller as surplus equipment instead of paying for extensive repairs. Once this roller is declared surplus, we will make a determination as to whether we post it for sale on the District website and sell it for whatever the District can get, or do we sell it for scrap value.

**Recommendation:**

It is requested that the Board of Directors declare the above 1993 Case Asphalt Roller as surplus district property and authorize staff to proceed with the sale or scrap disposal of the equipment.
